Education

Vignan Institute of Technology and Science — Hyderabad, Telangana, India
B.Tech in Computer Science and Engineering — Sep 2024 – May 2028

SR Junior College — Hyderabad, Telangana, India
Class XII (MPC) | Percentage: 84% — June 2022 – March 2024

Kamla Rani Sanghi School — Hyderabad, Telangana, India
Class X, CBSE, Percentage: 72% — June 2010 – March 2022

Career Objective

Motivated and dedicated Computer Science Engineering student seeking an opportunity to begin my professional career in a growth-oriented organization. Eager to learn, take on new challenges, contribute effectively to a team, and develop practical experience while adding value to the organization**.**

Technical skills

Programming Languages: C, Python, Java, TypeScript

Web Technologies: HTML5, CSS3, JavaScript, React.js, Node.js, Express.js

Database: MongoDB (Basics), Firebase

Tools & Platforms: Git, GitHub, Visual Studio Code

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems

Projects Scankart — Smart Product Scanning Mobile Application
Dec 2025

- Developed a mobile application designed to eliminate traditional checkout queues in supermarkets by enabling customers to scan product barcodes using their smartphones.
- Integrated the application with a backend database to retrieve real-time product information such as product name, price, and quantity.
- Implemented a digital shopping workflow that allows users to scan, review, and manage selected products within the application.
- Enabled users to complete purchases directly through the application using **UPI and card-based payments**, providing a faster and more convenient checkout experience.
